Sent follow-up on the seven questions

Dear Mr [name redacted],
Dear Team Pulse-Twin,
Dear municipal executive,

The deadline I set in my reminder of 1 October 2026 expired on 8 October 2026. The seven questions to the municipal administration of 29 July 2026 have still not been answered separately and in a verifiable manner. Team Pulse-Twin's email of 5 October concerned only the route for my correspondence and likewise gave no specific date for a response.

I therefore now ask you to confirm in writing:

1. Has mayor [name redacted] read my report and the seven questions, and was the instruction that my emails would no longer be brought specifically to his attention given on his behalf?

2. Who will answer these questions from or on behalf of the mayor, and who holds administrative responsibility within the relevant portfolio?

3. On what specific date will I receive the seven separate and verifiable answers?

Residents deserve clear answers about their privacy, the possible use of surveillance and interventions, and democratic scrutiny of this project. Handling the matter at staff level does not replace a substantive response from or on behalf of the municipal administration.

My questions are separate from Woo case [case reference redacted] and complaint [case reference redacted]. I wish to receive all communication exclusively in writing by email.

Kind regards,

Michel Peen
[contact details redacted]

Informative English translation of the email actually sent. The metadata above and this privacy note were added for the dossier. Earlier quoted correspondence is not repeated. Other personal names, contact details, case references and technical delivery data are redacted or omitted. Michel Peen is the only personal name retained. The Dutch sent email is authoritative.
